

SAFEGUARD YOUR TRANSPORT NETWORK AND ELEVATE OPERATIONAL EFFICIENCY

PROTECT CUSTOMERS, SECURE SITES AND MITIGATE RISK WITH MOTOROLA SOLUTIONS' TRANSPORT SAFETY ECOSYSTEM

By seamlessly combining intelligent control centre software with rugged body-worn cameras (BWC) and mobile digital radio, Motorola Solutions helps your team to stay on task and on time. Harness the power of seamlessly integrated tools from one vendor to keep your network moving.

TRANSPORT SAFETY ECOSYSTEM IN ACTION

HOW IT WORKS

When you need to keep people moving, safety and efficiency is paramount.

- Motorola Solutions combines intelligent software and rugged hardware to create a single-vendor solution that enhances security across your transport network.
- We can work with you to optimise ROI by incorporating your existing CCTV equipment.
- If it's your role protect the public and make informed decisions that ensure the security of critical infrastructure, you need the powerful advantages this ecosystem brings.

BENEFITS

ENHANCE SECURITY

Protect passengers, staff and facilities with an intelligent solution that integrates with your existing security system.

MAKE DECISIONS FASTER

Take advantage of superior analytics that help you respond optimally.

DEPLOY SET PROCEDURES

Equip your team with guidelines to respond to threats and take control of any situation.

OPTIMISE YOUR INVESTMENT

Harness the power of multiple solutions in a single intuitive ecosystem.

KEY FEATURES

Improve safety and keep everyone moving with Motorola Solutions' transport safety ecosystem

BODY-WORN CAMERA (BWC)

- Capture it all in high definition with bluetooth-activated, hands-free capability
- Be ready for anything with military-standard hardware
- Deter aggression and alter behaviour before it escalates
- Capture the action, even after the fact, with two minutes of pre/post recording
- Empower your team with a collaborative surveillance system

MOTOROLA SOLUTIONS' DIGITAL MOBILE RADIOS

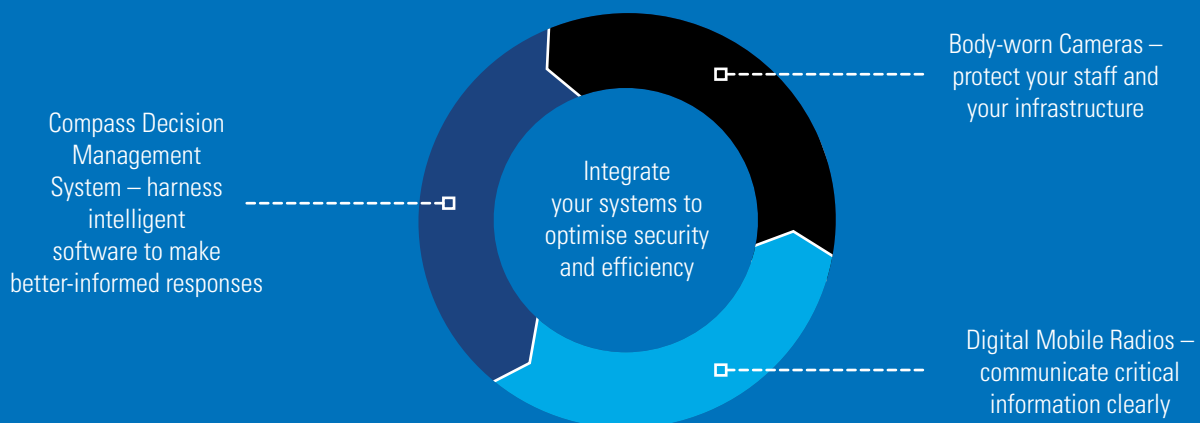

- Communicate critical information with the right personnel
- Collaborate with exactly who you need to through channels and talk groups
- Receive automatic notifications (voice and text)
- Save on equipment repair and replacement with a ruggedised design
- Benefit from reliable service and achieve greater ROI with a single-vendor solution

COMPASS DECISION MANAGEMENT SYSTEM

- Bring your existing security systems together in a single pane of glass
- Deploy standard operating procedures to ensure consistent responses
- Respond intelligently with data-informed decisions
- Maximise efficiency and save on cost with a streamlined ecosystem
- Protect your reputation with auditable incident response reports

HOW THE ECOSYSTEM INTEGRATES

DESIGNED SPECIFICALLY FOR SAFETY AND SECURITY

Motorola Solutions brings you world-leading mission-critical communications, software and managed services.

Our proven technology ecosystem unifies radio and broadband communications, intelligently captures and analyses video and integrates software solutions end-to-end. These products give us a proven track record of adding value to our customers' communications and safety capabilities.

We have more than 17,000 employees in 60 countries, serving over 100,000 customers in 100 countries with representation in China, Hong Kong, Taiwan, Japan, Korea, India, Singapore, Malaysia, Indonesia, Vietnam, Thailand and the Philippines.

HARNESSING INNOVATION TO KEEP PEOPLE SAFE

Motorola Solutions' more than 90 years of operational expertise is underpinned by our ongoing commitment to customer-centred research and development.

We invested \$732 million into research and development in 2021, designing the next generation of technology to promote public safety and operational efficiency.

Our technology platforms include the latest advancements in smart radios and virtual assistants, control room software, video security solutions and managed services. That's why law enforcement and emergency services communities trust us with their lives, every day.

✓ VIDEO SECURITY AND ANALYTICS

Transform your video system into an active security network by combining cameras, access control, infrastructure and management software with powerful analytics.

✓ MISSION-CRITICAL COMMUNICATIONS

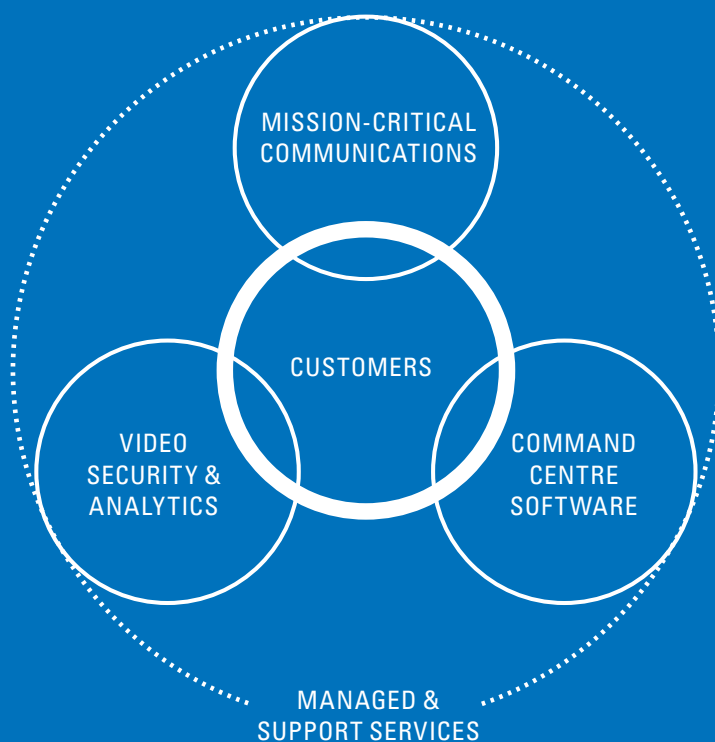

We build infrastructure and devices for seamless communications. You can be sure your investment is future-proofed because we engineer all our products to be highly customisable and scalable.

✓ COMMAND CENTRE SOFTWARE

Our world-leading software and interfaces streamline workflows through communications, data and analytics.

✓ MANAGED AND SUPPORT SERVICES

Be confident the systems you depend on are ready whenever you need them with dedicated support services that work to help you achieve your mission.
